OBEEDIENCE TO GOD'S LAW

Father Bernard Vaughn on Race Su-
icide Before the Eucharistic
Congress at Montreal.

(Herald Special.)
Montreal, Canada, Sept. 10.—"The
Roman Catholic church alone can
force obedience to the law of God
governing racial suicide. From what
I fear of conditions in the United
States, Catholics will soon control
that country through force of num-
bers," today said Father Bernard
Vaughn, the most famous of England's
Roman Catholic prelates, and delegate
to the Eucharistic Congress. "Chris-
tian fecundity is fighting sterile pa-
ganism a battle for the possession of
the world, and the fight will soon be
narrowed to the Roman Catholic
church and destructive forces of ag-
nosticism. Protestantism is disap-
pearing. Nothing can be more con-
temptible than those murderous wo-
men who shake their little fists in
the face of God, saying: 'We ignore

We Are Now

PREPARING the Greatest event
in Shoe Merchandising that
has ever been attempted within
the history of Palestine. Our two
show windows are displayed with
boys' and girls' school shoes. In the
Oak street window we have the 9
O'clock School Shoe, and to put the
advantage of a first-class wearing shoe
before you, the factory say they will
give to each school room in Anderson
county an American flag. Our
Palmer street window has the celebra-
ted Educator shoe, which begins with
the infant and grows to old age, and
by constant use your feet will grow
as nature intended them to grow. The
Educator shoe will be conspicuously
advertised in all large magazines
throughout the United States. A
scholarship will be given to each State
in the Union. Texas gets her share
and Palestine can have the same op-
portunity as other cities. There are
no conditions attached to the scholar-
ship. Just enter your favorite and
vote for it. Of course we want to show
you Educator Shoes and why you
should buy them.

We want to be known as the house that sells the best quality shoe
in the city. Don't buy elsewhere until our lines are inspected

UNFIT TO HOLD OFFICE

Democratic Members of Committee
Demand the Resignation of
Richard A. Ballinger.

Minneapolis, Minn., Sept. 9.—"That
Richard A. Ballinger has not been
true to the trust reposed in him as
secretary of the interior; that he is
not deserving of public confidence,
and that he should be requested by
the proper authorities to resign his
office."

The foregoing sums up the findings
of the four democratic members of
the Ballinger-Pinchot congressional
investigating committee, which
made public late today.

The republican members is
report of any kind hearing
conveyed.

An independent report was
out by Madison, the insurgent repub-
lican from Kansas, which declares
also that Mr. Ballinger "should not
be trusted; that he was an unfaith-
ful trustee of the people's interest, an
enemy of conservation," and that the
charges of Gifford Pinchot should be
sustained.

These findings will be printed and
filed with congress.

The decision of the four democratic
members and Mr. Madison to make
the reports public followed a session
which was unusual. Three republi-
can members, Senator Sutherland of
Utah and Representative McCall of
Massachusetts and Denby of Michi-
gan, refused to attend the meeting.
Finally the chairman of the commit-
tee himself, Senator Nelson of Minne-
sota, left the committee room and
failed to return.
